16 March 2020

Dear Students/Parents/Guardians/Sponsors,

RE: CTU TRAINING SOLUTIONS STUDENT HOLIDAYS - FULL TIME AND PART TIME

As indicated on the CTU National Academic Calendar the student holidays were scheduled to start on 23 March 2020.

Based on the declaration of a National State of Disaster, due to the Covid-19 epidemic, CTU Training Solutions revised the date and decided to close for the holidays on 17 March 2020.

The four days of week 7 of the Academic year of no class, due to the earlier closing for the holidays, will be incorporated into the Academic sessions after re-opening on the 30th of March 2020.

Note that all classes will resume on the 30th of March 2020 for the 2nd quarter as per the 2020 Academic calendar. However, note that in order to limit the number of individuals on campus to no more than a 100 people until the 9th of April 2020, sessions will be conducted via Hybrid classes to students at home. Lecturing staff will also record all lessons and these will be available on ColCampus for all students. All formative assessments must be completed as per schedules on ColCampus. It is important that students link to ColCampus and their emails daily for updates on timelines and schedules. All Summative assessments will continue after 14 April 2020.

Every campus will communicate the revised timetable for the period 30 March to 9 April 2020 to all students via ColCampus. Contact sessions will therefore be scheduled at campus for those learners with no own devices or data, taking into consideration the restriction on numbers of people allowed per campus.

CTU Training Solutions is committed to maintaining an environment which is safe, healthy and free from risk as far as possible for all.

Regards,

Erna Ferreira
