24 March 2020

Dear Students/Parents/Guardians/Sponsors,

RE: CTU TRAINING SOLUTIONS FULL TIME AND PART TIME TEACHING AND TRAINING

All classes will resume on the 30th of March 2020 for the 2nd quarter as per the 2020 Academic calendar. However, all sessions will be conducted via Virtual classes to students at home. With the lock down of South Africa no classes may take place at our campuses.

Interactive teaching and learning will take place on the students' TEAMS (office 365) current accounts. All lecturing staff will record all lessons per programme per campus and these will be available on ColCampus for all students. All formative assessments must be completed as per schedules on ColCampus. It is important that students link to ColCampus, SAFARI and their emails daily for updates on timelines and schedules. All Summative assessments will continue after 20 April 2020. Each campus will communicate virtual class times to students on ColCampus.

After the 20th of April 2020 various additional student support sessions will commence. Details will be on ColCampus. In this lock down time students has direct access to their lecturing staff via Teams or ColCampus. Various discussions will also take place on ColCampus.

CTU wish you luck with the new quarter and would like to confirm our continues support to you.

Regards,

Erna Ferreira
Director : Academics
