Teaching and Learning Methodology

A blended Teaching and Learning methodology is followed. All theory classes will be conducted Virtually through Lecturer-led interactive teaching on a national basis. A flipped classroom approach will be followed in some sessions. This means that students are introduced to content at home and practice working through it during the applicable session, either the virtual theory sessions or the practical sessions.

All students will be allocated to lecturers that is not necessarily based at the campus of enrollment but who will always be subject matter experts. CTU implements a national academic standard and all lecturers have been appointed on the same criteria and use exactly the same academic content in the teaching and learning process. The adherence to a national academic standard is monitored by the Academic Management team at Head office. Therefore, all students will continue to receive the same quality of education.

Students will attend some practical, group and research sessions at campus or virtually. The same work and time will be spent on both methods, face to face or VLIT, with students. Extra practical sessions can be booked at the campus with the Campus Operational Manager. Students will be expected to attend practical, group and research classes on campus a minimum of two days a week, as per the campus schedule.
