FACULTY OF INFORMATION TECHNOLOGY

Occupational Studies: 2024 Fact Sheet

Programme Title	SAQA ID	Credits	NQF
Occupational Certificate: Computer Technician	101408	282	5

Programme description

Enter the world of technology with our Computer Technician qualification. Dive into the world of sustainable technology, learn to set up desktops and laptops, troubleshoot hardware and software issues, and communicate effectively with customers. With a strong foundation in principles and practices, you'll be equipped to identify and solve problems that arise in your work, making you an invaluable asset in the field of computer technology.

Admission requirements

The minimum entry requirement for this qualification is:

- ▶ NQF level 4 qualification

Mode of study | Duration

Day Classes (full time): 24 Months (5 days/week)

Evening Classes (part time): 24 Months, (2 x evening classes per week, 18:00 - 21:00, Mon & Wed or Tues & Thurs as well as 2 x Saturday classes per month)

Programme outline

Year 1

WM511: Workplace Mastery

APT511: A+

DS511: Digital Skills

NSE511: Network and Security

Year 2

ML522: Machine Learning

GIE522: Green IT Essentials

HV522: Hyper-V

Teaching and Learning Methodology

A blended teaching and Learning methodology is followed. All theory classes will be conducted Virtually through Lecturer-led interactive teaching on a national basis. A flipped classroom approach will be followed in some sessions. This means that students are introduced to content at home and practice working through it during the applicable session, either the virtual theory sessions or the practical sessions. All students will be allocated to lecturers that are not necessarily based at the campus of enrollment but who will always be subject matter experts. CTU implements a national academic standard and all lecturers have been appointed on the same criteria and use the same academic content in the teaching and learning process. The adherence to a national academic standard is monitored

by the Academic Management team at the Head office. Therefore, all students will continue to receive the same quality of education. Students will attend some practical, group, and research sessions on campus or virtually. The same work and time will be spent on both methods, face to face and VLIT, with students. Extra practical sessions can be booked with the Campus Operational Manager. Students will be expected to attend the practical, group, and research classes on campus a minimum of two days a week, as per the campus schedule.

Textbooks and e-guides

A list of prescribed textbooks will be provided in your e-guides. Students will receive an electronic version of the academic guides (e-guides) for this programme on the Teaching and Learning platform. Access is available to an electronic library of textbooks on O'Reilly, and it is included in the fees. Refer to the [Device Specifications and Stationery List](#) document for more information.

Technology hardware, software and data requirements

Because CTU is embracing the future of education - education beyond the classroom - it is compulsory for students to have their own laptop with the necessary specifications to speed up their journey to success.

Student Support

Student support sessions with the facilitator will also take place on a one-on-one basis either virtually or physically at the campus per appointment or per the academic schedule.

External Summative Assessment and Certification

In order to qualify for the external summative assessment, learners must have a copy of a completed and signed Statement of Work Experience as well as proof of successful completion of the Knowledge Modules and Practical Skills Modules.

Upon completion of this course, students will be awarded an **Occupational Certificate: Computer Technician from the QCTO**.

International Certifications

Included in price

- ▶ CompTIA A+ (Core 1: 220-1101, Core 2: 220-1102)

Career fields

Students can be employed in the following career fields:

- ▶ Application Support Specialist
- ▶ Computer Technician
- ▶ Customer Support Engineer
- ▶ Desktop Support Engineer
- ▶ Desktop Support Technician
- ▶ Helpdesk Technician
- ▶ IT Support Specialist
- ▶ IT Support Engineer

What is EISA?

The External Integrated Summative Assessment (EISA) is an integral and critical component of the QCTO's quality assurance system. It is a single national assessment leading to the awarding of an Occupational Certificate. EISA ensures that the assessment of occupational qualifications, part qualifications and trades is standardised, consistent and credible.

For learners to qualify for entry to EISA, they must provide proof of completion of all required knowledge, practical and work experience modules as stipulated in the qualification. The statement of results obtained from the Skills Development Provider serves as proof that the candidate has satisfied all the requirements to be admitted to sit for EISA.

Pricing*

Programme	Registration Fees	Tuition fee
Year 1	R9 000	R50 000
Year 2	R9 000	R52 500

* Excludes external fees and identified textbooks if applicable.
