# Microsoft Applied Skills

**What is Microsoft applied skills?** Applied Skills, the new scenario-based credential that proves your proficiency in skill sets specific to critical business problems, so you can make a bigger impact on your projects, your organization, and your career.

## Data & AI

**AI-3002:** Create document intelligence solutions with Azure AI Document Intelligence

**AI-3003:** Build a natural language processing solution with Azure AI Services

**AI-3004:** Build an Azure AI Vision solution with Azure AI services

**AI-3016:** Develop custom copilots with Azure AI Studio

**AI-3019:** Build AI Apps with Azure Database for PostgreSQL

**AI-3022:** Implement AI Skills in Azure AI Search

**DP-3001:** Migrate SQL Server workload to Azure SQL

**DP-3007:** Train and deploy a machine learning model with Azure Machine Learning

**DP-3020:** Develop data-driven applications with Azure SQL Database

**DP-3021:** Configure and migrate to Azure Database for PostgreSQL

**DP-601:** Implementing a Lakehouse with Microsoft Fabric

**DP-602:** Implement a Data Warehouse with Microsoft Fabric

**DP-603:** Implementing Real Time Analytics with Microsoft Fabric

**DP-604:** Implementing a data science and machine learning solution for AI with Microsoft Fabric

## Azure Infrastructure

**AZ-1002:** Configure secure access to your workloads using networking with Azure Virtual Network

**AZ-1003:** Secure storage for Azure Files and Azure Blob Storage

**AZ-1004:** Deploy and configure Azure MonitorL

**AZ-1007:** Deploy and administer Linux virtual machines on Azure

**AZ-1008:** Administer Active Directory Domain Services

**AZ-1010:** Deploy and manage Azure Arc-enabled Servers

**AZ-2006:** Automate Azure Load Testing by using GitHub Actions

## Azure Digital & App Innovation

**AZ-2001:** Implement security through a pipeline using Azure DevOps

**AZ-2002:** Develop an ASP.NET Core web app that consumes an API

**AZ-2003:** Deploy cloud-native apps using Azure Container Apps

**AZ-2005:** Develop AI agents using Azure OpenAI and the Semantic Kernel SDK

**AZ-2007:** Accelerate app development by using GitHub Copilot

## Business Applications

**PL-7001:** Create and Manage Canvas Apps with Power Apps

**PL-7002:** Create and Manage Automated Processes by using Power Automate

**PL-7003:** Create and Manage Model-Driven Apps with Power Apps and Dataverse

**PL-7004:** Implement AI models with Microsoft Power Platform AI Builder

**PL-7008:** Create custom agents in Microsoft Copilot Studio

**MB-7005:** Create and manage journeys with Dynamics 365 Customer Insights

**MB-7006:** Create and manage segments in Customer Insights – Data

**MB-7007:** Deploy and configure Microsoft 365 Copilot for Sales

## Security

**SC-5001:** Configure SIEM security operations using Microsoft Sentinel

**SC-5002:** Secure Azure services and workloads with Microsoft Defender for Cloud regulatory compliance controls

**SC-5003:** Implement information protection and data loss prevention by using Microsoft Purview

**SC-5004:** Defend against cyberthreats with Microsoft Defender XDR

**SC-5007:** Implement retention, eDiscovery, and Communication compliance in Microsoft Purview

## Modern Work

**MS-4002:** Prepare security and compliance to support Microsoft 365 Copilot

**MS-4015:** Build custom engine copilots for Microsoft Teams

# Courses Not Aligning To Certification

## Azure Digital & App Innovation

**AZ-2008:** DevOps Foundations: The Core Principles and Practices

## Azure Infrastructure

**AZ-040:** Automating Administration with PowerShell

**AZ-1006:** Migrate and Modernize SAP in the Microsoft Cloud

**AZ-2008:** DevOps Foundations: The Core Principles and Practices

## Data & AI

**AI-3017:** Microsoft AI for business leaders

**AI-3018:** Copilot Foundations

**DP-080:** Querying Data with Microsoft Transact-SQL

**DP-3011:** Implementing a Data Analytics Solution with Azure Databricks

**DP-3012:** Implementing a Data Analytics Solution with Azure Synapse Analytics

**DP-3014:** Implementing a Machine Learning solution with Azure Databricks

**DP-3015:** Getting Started with Cosmos DB NoSQL Development

**DP-605:** Develop dynamic reports with Microsoft Power BI

## Modern Work

**MD-4011:** Enhance Endpoint Security with Microsoft Intune and Microsoft Copilot for Security

**MS-080:** Employee Experience Platform Specialist

**MS-4004:** Empower your workforce with Copilot for Microsoft 365 Use Cases

**MS-4005:** Craft effective prompts for Microsoft Copilot for Microsoft 365

**MS-4006:** Copilot for Microsoft 365 for Administrators

**MS-4007:** Copilot for Microsoft 365 User Enablement Specialist

**MS-4008:** Microsoft 365 Copilot Interactive Experience for Executives

**MS-4009:** Extend Microsoft 365 Copilot with Copilot Studio actions and connectors

**MS-4010:** Build plugins and connectors for Microsoft 365 Copilot

**MS-4012:** Microsoft Copilot Interactive Experience for Executives

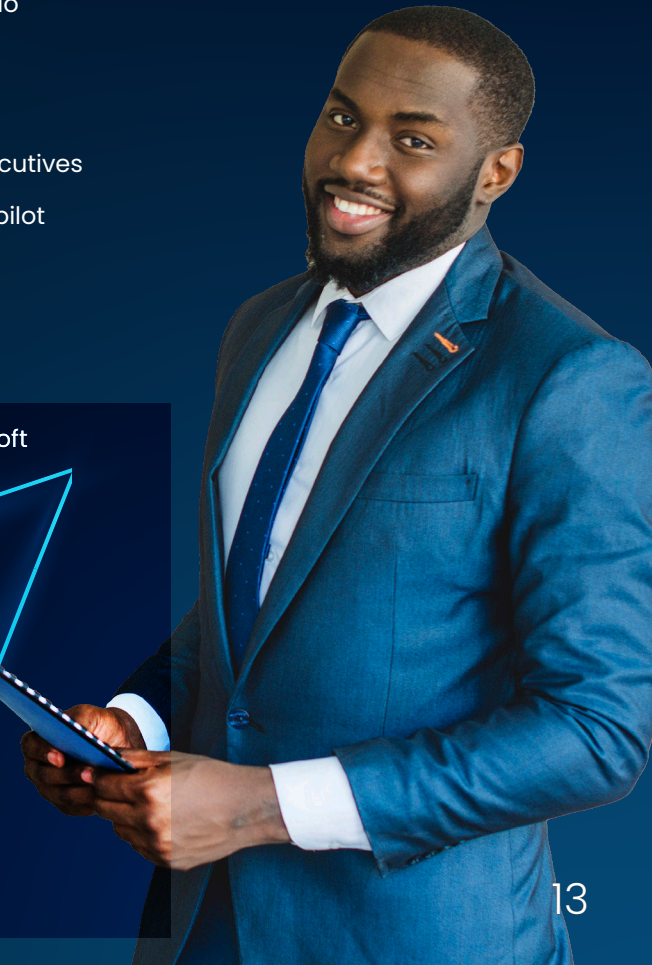

**MS-4014:** Build a foundation to extend Microsoft 365 Copilot

**MS-4017:** Manage and extend Microsoft 365 Copilot

## Security

**SC-5006:** Get started with Microsoft Copilot for Security

**SC-5008:** Configure and govern entitlement with Microsoft Entra ID

# Leading Learning Partner Association (LLPA)

## About LLPA and CTU

**The Leading Learning Partner Association (LLPA) is a consortium of renowned training centres, each of them a leading IT training company in their country.**

As a member of the Leading Learning Partners Association in South Africa, we share LLPA's global vision to accelerate knowledge, empower employees, and help organisations to digitally transform in a secure and skillful way. CTU Training Solutions has been a proud member of the Leading Learning Partners Association since 2014. The LLPA is a consortium of 33 IT training providers, each of them a leading provider in their country. Together we deliver holistic multi-vendor training solutions, at any time, in any language – anywhere in the world.

# AWS Certification Roadmap

## Professional

## Associate

## Specialty

## Foundational

# CCNA: Introduction to Networking (ITN)

Networking  
Academy

## Course Overview

The first course in the CCNA curriculum introduces the architectures, models, protocols, and networking elements that connect users, devices, applications and data through the Internet and across modern computer networks - including IP addressing and Ethernet fundamentals.

## Requirements & Resources

- ▶ ASC Alignment Required: Yes
- ▶ Instructor Training Required: Yes
- ▶ Physical Equipment Required: Yes\*
- ▶ Discount Availability: Not Applicable

Certification Aligned

## Benefits

Learn to build simple local area networks (LAN) that integrate IP addressing schemes, foundational network security, and perform basic configurations for routers and switches.

## Course Details

**Target Audience:** Secondary vocational students, 2-year and 4-year college students in Networking or Engineering programs

**Estimated Time to Completion:** 70 hours

**Prerequisites:** None

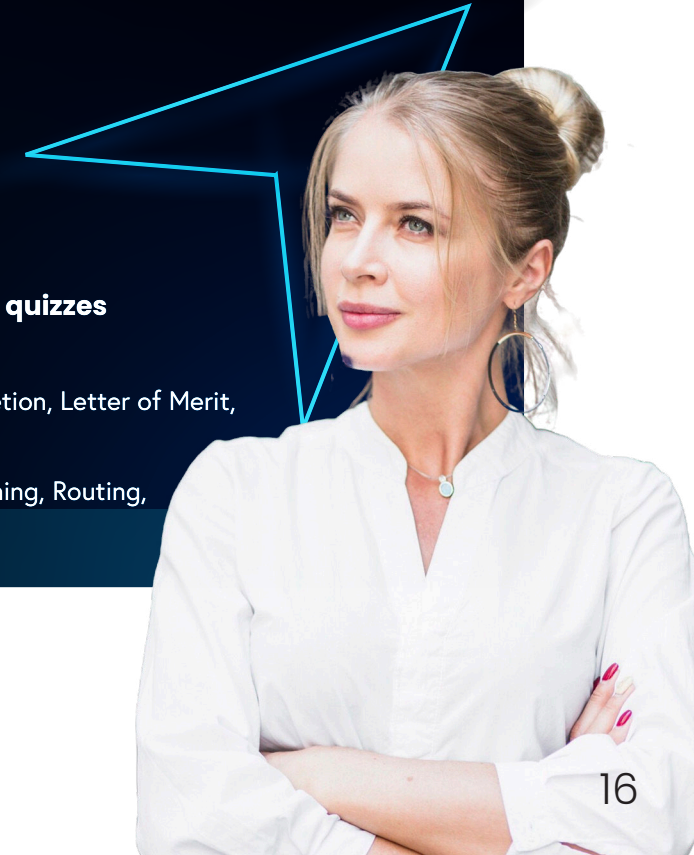

**Course Delivery:** Instructor-led

**Learning Component Highlights:**

- ▶ **17 modules and 24 practice labs**
- ▶ **31 Cisco Packet Tracer activities**
- ▶ **120+ interactive activities, videos, & quizzes**
- ▶ **1 final exam**

**Course Recognitions:** Certificate of Completion, Letter of Merit, Digital Badge

**Recommended Next Course:** CCNA: Switching, Routing, and Wireless Essentials (SRWE)

# Business Programmes CBP

## CBP Professional

The CBP Professional credential is for professionals who desire to possess the foundation business skills required to support and lead today's organisations. These foundation skills are required by major institutions and organisations as a measure of competency. In order to attain the CBP Professional credential, candidates must attend one of the five CBP Professional modules and pass the associated exam, which consist of the following:

- ▶ **Leadership**
- ▶ **Customer Service**
- ▶ **Sales**
- ▶ **Business Etiquette and Professionalism**
- ▶ **Business Communication**

## CBP Executive

The CBP Executive credential is for business professionals who wish to demonstrate expertise in all five CBP foundation areas of Leadership, Customer Service, Sales, Business Etiquette & Professional and Business Communication. The CBPe is a business executive who has developed a wide cross section of business skills and can also integrate into a variety of positions within corporations. In order to attain the CBP Executive credential, candidates must attend all five CBP Professional modules and pass all associated exams, which consist of the following:

- ▶ **Leadership**
- ▶ **Customer Service**
- ▶ **Sales**
- ▶ **Business Etiquette and Professionalism**
- ▶ **Business Communication**

## CBP Master Executive

The CBP Master Executive program is for candidates who wish to specialise and gain mastery in specific business skills segments, such as Sales & Marketing, Project Management, Business Management and Technology. The CBPme is a business executive who possesses core business skills and has achieved mastery in a specific business field.

To achieve the CBP Master Executive designation candidates must complete the CBP Professional exams and sit one of the following CBP elective certifications.

- ▶ **Project Management**
- ▶ **Business Management**
- ▶ **Marketing Series**
- ▶ **Computer Technology**

# Design Programmes Adobe

## Design Specialist/Master

Graphic designers plan, analyse and create visual solutions using typography and images to present information. They develop the overall layout and design of magazines, newspapers, journals and other publications. Graphic Designers with Web skills also develop material for Internet Web Pages, Interactive Media and Multimedia Projects. Adobe offers multiple options for learners and facilitators to validate their digital media skills. Now learners can get certified for both entry-level and professional-level skills.

## Web Specialist/Master

Web design encompasses many different skills and disciplines in the production and maintenance of websites. The different areas of web design include web graphic design; interface design; authoring, including standardised code and proprietary software; user experience design; and search engine optimization. Learn to create gorgeous HTML5 websites without writing code. Staytrue to your creative roots and design incredible websites with ease — no need to think like a developer.

## Video Specialist/Master

Videographers are responsible for recording live events and small scale video productions. Unlike cinematographers that specialize in filming movies, videographers focus on smaller productions like weddings, birthday parties, documentaries, commercials and training videos for a company. Make movies as amazing as your memories. Learn how to import video, audio, and still images and edit them together on the timeline. Effectively add transitions and effects to your video to make your projects more engaging and appealing.

# Design Programmes Autodesk

AUTODESK  
AUTOCAD

Enhance your ability to create breathtaking designs, increase your skills documentation, and boost your productivity by certifying at the pro level with AutoCAD®. Becoming an Autodesk Certified Professional can lead to accelerated career development, improved capacity and enhanced credibility. In short, it can help get you where you want to go.

AUTODESK  
CIVIL3D

Being a civil engineer is all about designing, constructing and maintaining your natural and man-made world. If you're passionate about it, certify at the professional level with Autodesk AutoCAD Civil 3D®. Improve your ability to create intelligent 3D models, perform faster iterations and generate construction documentation.

AUTODESK®  
INVENTOR®

The beauty of gears. The power of the machine. The adrenaline of a working prototype. As a mechanical design professional, you crave these things. When you become a Certified Professional with Autodesk Inventor®, you set yourself apart as a mechanical designer with professional skills and abilities demanded by the industry's best.

AUTODESK  
REVIT

Are you looking to take a big career step in building design and construction? If you're ready to showcase yourself and your skills, become a Certified Professional with Autodesk Revit Architecture®.

AUTODESK®  
MAYA®

It's time to take your career in 3-D animation to the next level. When you become a Certified Professional with Autodesk Maya®, you set yourself apart as a 3-D animator with the professional skills and ability needed for success. This certification can lead to accelerated career development, improved productivity, and enhanced credibility.

AUTODESK®  
3DS MAX®

If you want to build a career as a game, film, or motion-graphic artist, then it's time to take your 3-D modelling software skills to the professional level with Autodesk 3ds Max®.
