CompTIA Certification Tracks

CompTIA Essentials Series

Essentials Series

The CompTIA Essentials Series is a new skill development offering designed to empower professionals across all industries with critical skills for today's digital landscape.

Skill based learning and assessment

Skill-Centric Approach

Each course is built around a Subject Matter Expert (SME) approved list of critical, universal skills.

Authentic Assessments

Courses conclude with a short, problem-based assessment to evaluate skill competency.

Earn a CompCert

Passing the assessment grants a CompTIA CompCert (Competency Certificate). CompCerts represent actual skills, not just course completion.

Product Details:

ESTIMATED TIME – 4-8 Hours of Instruction

AVAILABLE LEARNING PRODUCTS – CertMaster Learn provides learners a personalized learning plan to help them stay on track, master key concepts, and confidently validate skills.

AI Essentials

- 1.0 AI Unveiled
- 2.0 Generative AI Frontiers
- 3.0 Engineering Effective Prompts
- 4.0 Balancing Innovation and Privacy
- 5.0 Future Trends and Innovations in AI

Soft Skills Essentials

- 1.0 Character and Professionalism
- 2.0 Communications
- 3.0 Collaboration and Teamwork
- 4.0 Critical Thinking and Problem-Solving
- 5.0 Career Success

AI Prompting Essentials

- 1.0 Course Introduction
- 2.0 Foundations of AI Prompting
- 3.0 AI Prompting Basics
- 4.0 Advanced AI Prompting Skills
- 5.0 Apply AI Skills in Real World Contexts

Data Analysis Essentials

- 1.0 Defining the Analysis Objective
- 2.0 Importing & Structuring Data
- 3.0 Cleaning & Transforming Data
- 4.0 Combining Data Sets & Lookups
- 5.0 Performing Core Analyses & Calculations
- 6.0 Summarizing & Visualizing Data
- 7.0 Ensuring Data Integrity, Ethics & Sharing

Cloud Essentials

- 1.0 Identifying Cloud Concepts
- 2.0 Applying Cloud Business Principles
- 3.0 Collaboration and Teamwork
- 4.0 Critical Thinking and Problem-Solving
- 5.0 Career Success

Project Management Essentials

- 1.0 Introduction to Project Management
- 2.0 Initiating a Project
- 3.0 Planning a Project
- 4.0 Executing a Project
- 5.0 Monitoring and Closing a Project

Business Essentials

- 1.0 Business Fundamentals
- 2.0 Business Strategy
- 3.0 Business Finance

AI Agent Essentials
AI for Sales Essentials
AI for Marketing Essentials

CompTIA: All Access

CompTIA has launched **"CompTIA Essentials All Access"**, a per-learner, all-access subscription to the full CompTIA Essentials portfolio, including AI fluency and business/digital skills titles. A single license grants access to every course in the portfolio (including new Essentials courses as they are released), with no per-course activation and no license burn.

Microsoft Copilot Certification Roadmap

IT Professionals

MS-4002:

Prepare security and compliance to support Microsoft 365 Copilot

AB-730:

Transform business workflows with generative AI

AB-731:

Drive AI transformation in your organization

MS-4007:

Microsoft 365 Copilot Enablement Specialist

Makers

MS-4014:

Build a Foundation to Extend Microsoft 365 Copilot

MS-4022:

Extend Microsoft 365 Copilot in Copilot Studio

PL-7008:

Create Agents with Microsoft Copilot Studio

MS-4017:

Manage and extend Microsoft 365 Copilot

Business Users

AI-3025:

Work Smarter with AI

MS-4004:

Empower your Workforce with Microsoft 365 Copilot Use Cases

MS-4021:

Copilot Immersion Experience

MS-4018:

Draft, Analyze, and Present with Microsoft 365 Copilot

MS-4019:

Transform your Everyday Business Process with Agents

MS-4023:

Explore Microsoft 365 Copilot Chat

What is Microsoft applied skills? Applied Skills, the new scenario-based credential that proves your proficiency in skill sets specific to critical business problems, so you can make a bigger impact on your projects, your organization, and your career.

Data & AI

AI-3003: Develop natural language solutions in Azure

AI-3016: Develop generative AI apps in Azure

AI-3019: Build AI Apps with Azure Database for PostgreSQL

DP-3001: Migrate SQL Server workload to Azure SQL

DP-3020: Develop data-driven applications with Azure SQL Database

DP-3021: Configure and migrate to Azure Database for PostgreSQL

DP-603: Implement Real-Time Intelligence with Microsoft Fabric

Azure Infrastructure

AZ-1002: Configure secure access to your workloads using networking with Azure Virtual Network

AZ-1003: Secure storage for Azure Files and Azure Blob Storage

AZ-1004: Deploy and configure Azure Monitor

AZ-1008: Administer Active Directory Domain Services

AZ-2006: Automate Azure Load Testing by using GitHub Actions

Azure Digital & App Innovation

AZ-2001: Implement security through a pipeline using Azure DevOps

AZ-2003: Deploy cloud-native apps using Azure Container Apps

AZ-2007: Accelerate app development by using GitHub Copilot

Business Applications

PL-7001: Create and Manage Canvas Apps with Power Apps

PL-7002: Create and Manage Automated Processes by using Power Automate

PL-7008: Create agents in Microsoft Copilot Studio

Security

SC-5002: Secure Azure services and workloads with Microsoft Defender for Cloud regulatory compliance controls

SC-5003: Implement information protection and data loss prevention by using Microsoft Purview

SC-5004: Defend against cyberthreats with Microsoft Defender XDR

SC-5007: Implement retention, eDiscovery, and Communication compliance in Microsoft Purview

SC-5009: Secure AI solutions in the cloud using Microsoft Defender for Cloud and Microsoft Entra

SC-5010: Secure and govern Microsoft 365 Copilot interactions with Microsoft Purview

Courses Not Aligning To Certification

Azure Digital & App Innovation

AZ-2008: DevOps Foundations: The Core Principles and Practices

AZ-2010: Designing and Implementing Platform Engineering

Azure Infrastructure

AZ-040T00: Automating Administration with PowerShell

AZ-1007: Deploy and administer Linux virtual machines on Azure

Data & AI

AI-3008: Extract insights from visual data on Azure

AI-3025: Work smarter with AI

AI-3026: Develop AI agents on Azure

DP-080T00: Query Data with Microsoft Transact-SQL

DP-3011: Implement a Data Analytics Solution with Azure Databricks

DP-3014: Build machine learning solutions using Azure Databricks

DP-3015: Get Started with Cosmos DB NoSQL Development

DP-3028: Implement Generative AI engineering with Azure Databricks

DP-3029: Work smarter with Copilot in Microsoft Fabric

DP-601T00: Implement a Lakehouse with Microsoft Fabric

DP-602T00: Implement a Data Warehouse with Microsoft Fabric

DP-604T00: Implement a data science and machine learning solution for AI with Microsoft Fabric

DP-605T00: Prepare and visualize data with Microsoft Power BI

Business Applications

AB-6002: Introduction to finance in Dynamics 365

AB-6003: Introduction to sales in Dynamics 365

AB-6004: Introduction to service in Dynamics 365

AB-6005: Introduction to supply chain management in Dynamics 365

AB-7011: Introduction to navigating the modern Contact Center

Modern Work

AB-6007: Secure and Govern your AI agent workforce

MD-4011: Enhance Endpoint Security with Microsoft Intune and Microsoft Copilot for Security

MS-4002: Prepare security and compliance to support Microsoft 365 Copilot

MS-4004: Empower your workforce with Microsoft 365 Copilot Use Cases

MS-4014: Build a foundation to build AI agents and extend Microsoft 365 Copilot

MS-4017: Manage and extend Microsoft 365 Copilot

MS-4018: Draft, analyze, and present with Microsoft 365 Copilot

MS-4019: Transform your everyday business processes with agents

MS-4021: Copilot Immersion Experience

MS-4022: Extend Microsoft 365 Copilot in Copilot Studio

MS-4023: Explore Microsoft 365 Copilot Chat

Security

SC-5001: Configure SIEM security operations using Microsoft Sentinel

SC-5006: Enhance security operations by using Microsoft Security Copilot

SC-5008: Configure and govern entitlement with Microsoft Entra ID

Leading Learning Partner Association (LLPA)

About LLPA and CTU

The Leading Learning Partner Association (LLPA) is a consortium of renowned training centres, each of them a leading IT training company in their country.

As a member of the Leading Learning Partners Association in South Africa, we share LLPA's global vision to accelerate knowledge, empower employees, and help organisations to digitally transform in a secure and skillful way. CTU Training Solutions has been a proud member of the Leading Learning Partners Association since 2014. The LLPA is a consortium of 33 IT training providers, each of them a leading provider in their country. Together we deliver holistic multi-vendor training solutions, at any time, in any language – anywhere in the world.

Knowledge Pillars

At Knowledge Pillars, we specialize in industry-recognized, vendor-neutral IT certifications that validate real-world coding, software engineering, and web development skills. Our performance-based certifications are designed to prepare students, educators, career changers, and aspiring IT professionals for internships and entry-level technology roles by equipping them with practical, job-ready skills that align with today's workforce demands.

CODE YOUR FUTURE

PRACTICAL PROGRAMMING SKILLS FOR TOMORROW'S TECHNOLOGY CAREERS

The banner features a dark blue background with a grid pattern. On the right, there is a 3D illustration of a laptop displaying code, surrounded by various programming language logos and icons, including C++, JavaScript, Python, and Java. The text 'CODE YOUR FUTURE' is prominently displayed in large, bold, blue letters, with 'PRACTICAL PROGRAMMING SKILLS FOR TOMORROW'S TECHNOLOGY CAREERS' in white text below it.

About CertNexus and CTU

At CertNexus, we specialize in globally recognized, vendor-neutral certifications that validate practical skills in emerging technologies such as Artificial Intelligence (AI), Cybersecurity, Data Science, Data Ethics, and the Internet of Things (IoT).

CCNA: Introduction to Networking (ITN)

Networking
Academy

Course Overview

The first course in the CCNA curriculum introduces the architectures, models, protocols, and networking elements that connect users, devices, applications and data through the Internet and across modern computer networks - including IP addressing and Ethernet fundamentals.

Requirements & Resources

- ▶ ASC Alignment Required: Yes
- ▶ Instructor Training Required: Yes
- ▶ Physical Equipment Required: Yes*
- ▶ Discount Availability: Not Applicable

Certification Aligned

Benefits

Learn to build simple local area networks (LAN) that integrate IP addressing schemes, foundational network security, and perform basic configurations for routers and switches.

Course Details

Target Audience: Secondary vocational students, 2-year and 4-year college students in Networking or Engineering programs

Estimated Time to Completion: 70 hours

Prerequisites: None

Course Delivery: Instructor-led

Learning Component Highlights:

- ▶ 17 modules and 24 practice labs
- ▶ 31 Cisco Packet Tracer activities
- ▶ 120+ interactive activities, videos, & quizzes
- ▶ 1 final exam

Course Recognitions: Certificate of Completion, Letter of Merit, Digital Badge

Recommended Next Course: CCNA: Switching, Routing, and Wireless Essentials (SRWE)

Business Programmes CBP

CBP: Certified Business Professional Training courses

Certified Business Professional: CBPTM will elevate the basic business standard among business professionals ensuring that every person in a company is operating at the same level, regardless of job role. The Certified Business Professional Program is an international industry credential that validates and develops the competency for entry-level business professional. The CBP program establishes a foundation-level, industry-neutral certification for business professionals enabling employers and the candidate to have a foundation to develop the Certified Business Professional (CBP) for targeted positions within corporations. Apply for any CBP Training Courses from CTU.

The CBP also develops important life-skills that transcend the work environment into many aspects of living. A typical candidate is a professional in pursuit of excellence who is committed to exceeding and surpassing all standards for the business professional. Candidates can earn CBP Certification in various ways, from the CBP Professional level to the CBP Executive Level, continuing to CBP Master Executive Level certifications.

CBP Foundation

- ▶ CBP Sales
- ▶ CBP Leadership
- ▶ CBP Customer Service
- ▶ CBP Business Communication
- ▶ Business Etiquette

CBP Master

- ▶ Project Management
- ▶ Business Management
- ▶ Marketing
- ▶ English Grammar for Business
- ▶ Tourism and Hospitality
- ▶ Human Resource Management
- ▶ Accounting & Budgeting

CBP BIS (Business Improvement Series)

- ▶ BIS Conflict Management
- ▶ BIS Dynamic Decision Making
- ▶ BIS Leading Through Change
- ▶ BIS Motivation Employees To Be Their Best
- ▶ BIS Secrets Of Management Success

CYBP (Certified Young Business Professional)

- ▶ CBP Certified Young Business Professional (CYBP)

Design Programmes Adobe

Design Specialist/Master

Graphic designers plan, analyse and create visual solutions using typography and images to present information. They develop the overall layout and design of magazines, newspapers, journals and other publications. Graphic Designers with Web skills also develop material for Internet Web Pages, Interactive Media and Multimedia Projects. Adobe offers multiple options for learners and facilitators to validate their digital media skills. Now learners can get certified for both entry-level and professional-level skills.

Web Specialist/Master

Web design encompasses many different skills and disciplines in the production and maintenance of websites. The different areas of web design include web graphic design; interface design; authoring, including standardised code and proprietary software; user experience design; and search engine optimization. Learn to create gorgeous HTML5 websites without writing code. Stay true to your creative roots and design incredible websites with ease — no need to think like a developer.

Video Specialist/Master

Videographers are responsible for recording live events and small scale video productions. Unlike cinematographers that specialize in filming movies, videographers focus on smaller productions like weddings, birthday parties, documentaries, commercials and training videos for a company. Make movies as amazing as your memories. Learn how to import video, audio, and still images and edit them together on the timeline. Effectively add transitions and effects to your video to make your projects more engaging and appealing.

Design Programmes Autodesk

Enhance your ability to create breathtaking designs, increase your skills documentation, and boost your productivity by certifying at the pro level with AutoCAD®. Becoming an Autodesk Certified Professional can lead to accelerated career development, improved capacity and enhanced credibility. In short, it can help get you where you want to go.

Being a civil engineer is all about designing, constructing and maintaining your natural and man-made world. If you're passionate about it, certify at the professional level with Autodesk AutoCAD Civil 3D®. Improve your ability to create intelligent 3D models, perform faster iterations and generate construction documentation.

The beauty of gears. The power of the machine. The adrenaline of a working prototype. As a mechanical design professional, you crave these things. When you become a Certified Professional with Autodesk Inventor®, you set yourself apart as a mechanical designer with professional skills and abilities demanded by the industry's best.

Are you looking to take a big career step in building design and construction? If you're ready to showcase yourself and your skills, become a Certified Professional with Autodesk Revit Architecture®.

It's time to take your career in 3-D animation to the next level. When you become a Certified Professional with Autodesk Maya®, you set yourself apart as a 3-D animator with the professional skills and ability needed for success. This certification can lead to accelerated career development, improved productivity, and enhanced credibility.

If you want to build a career as a game, film, or motion-graphic artist, then it's time to take your 3-D modelling software skills to the professional level with Autodesk 3ds Max®.
