FACULTY OF HUMANITIES

Occupational Studies: 2027 Fact Sheet

Programme Title	SAQA ID	Credits	NQF
Occupational Certificate: Project Manager	101869	240	5

Programme description

Ready to take charge and make things happen? Our Project Manager qualification is your ticket to leading exciting projects in tech, marketing, and more. Gain top-notch skills to drive development projects forward and set the standard as a fully qualified Project Manager.

The qualification establishes a national standard for the training of fully qualified Project Managers and is closely aligned with international best practices.

Syllabus

This qualification is made up of the following compulsory categories of modules: Knowledge, Practical Skills, and Work Experience.

Knowledge refers to theory as opposed to action. This draws on the information learners have obtained throughout their theoretical training. Knowledge questions may test understanding or require learners to explain aspects of the subject matter.

Practical Skills refer to practical tasks or assignments that are the act of engaging in an activity (i.e. action) for the purpose of improving or mastering it. Practical tasks may ask learners to perform, create or develop evidence.

Workplace experience refers to research conducted or action taken within the workplace. Workplace tasks aim to provide the learner with an opportunity and confidence to conduct project work under authentic working conditions under supervision.

Mode of Study | Duration

Day Classes (full time): **24 Months** (5 days/week)

Evening Classes (part time): **24 Months**, (2 x evening classes per week, 18:00 - 21:00, Mon & Wed or Tues & Thurs as well as 2 x Saturday classes per month)s

Distance Learning (self study): **24 Months**

This is a self-study programme. However, students will be privileged to attend tutorial classes twice a month from 9 am – 4 pm (Optional).

Teaching and Learning Methodology

A blended teaching and Learning methodology is followed. All theory classes will be conducted Virtually through Lecturer-led interactive teaching on a national basis. A flipped classroom approach will be followed in some sessions. This means that students are introduced to content at home and practice working through it during the applicable session, either the virtual theory sessions or the practical sessions.

All students will be allocated to lecturers that are not necessarily based at the campus of enrollment but who will always be subject matter experts. CTU implements a national academic standard and all lecturers have been appointed on the same criteria and use the same academic content in the teaching and learning process. The adherence to a national academic standard is monitored by the Academic Management team at the Head office. Therefore, all students will continue to receive the same quality of education.

Students will attend some practical, group, and research sessions on campus or virtually. The same work and time will be spent on both methods, face to face and VLIT, with students. Extra practical sessions can be booked at the campus with the Campus Operational Manager. Students will be expected to attend practical, group, and research classes on campus a minimum of two days a week, as per the campus schedule.

Textbooks and e-guides

A list of prescribed textbooks will be provided in your e-guides. Students will receive an electronic version of the academic guides (e-guides) for this programme on the Teaching and Learning platform. Access is available to an electronic library of textbooks on O'Reilly, and it is included in the fees. Refer to the [Device Specifications and Stationery List](#) document for more information.

Project Manager

Student Support

Student support sessions with the facilitator will also take place on a one-on-one basis either virtually or physically at the campus per appointment or per the academic schedule.

What is EISA?

The External Integrated Summative Assessment (EISA) is an integral and critical component of the QCTO's quality

assurance system. It is a single national assessment leading to the awarding of an Occupational Certificate. EISA ensures that the assessment of occupational qualifications, part qualifications and trades is standardised, consistent and credible.

For learners to qualify for entry to EISA, they must provide proof of completion of all required knowledge, practical and work experience modules as stipulated in the qualification. The statement of results obtained from the Skills Development Provider serves as proof that the candidate has satisfied all the requirements to be admitted to sit for EISA.
